She was a lady of the street
A friend in another mans keep
One room, one bed
But she needed more
Than those rich boys for the night

But she had plans to run
The blackmarket sells a gun
He said you're mine
He said you're mine

Hey you
You're bought and paid for, darlin'
Yeah you
You're bought and paid for

Backseat bus to another world
APB's they're gonna get their girl
One shot, one shot
That was all she used
She had paid him back the lot

A different town
A different name
Same old looks
Same old game
Same old girl
She'll never change

Hey you
You're bought and paid for, darlin'
Yeah you
You're bought and paid for

In a vacant parking lot
The needle's all she's got
It sold her out
It sold her out

Hey you
You're bought and paid for, darlin'

Yeah you
You're bought and paid for

I, say you
You're bought and paid for darlin'
Yeah, yeah, yeah
Don't tell me you, tell you
You're bought and paid for darlin'
You're bought and paid for
You're bought and paid for
You're bought and paid for
