Verse I

Scream out loud
Or just walk away
If you want out
Well you know the way

Chorus

You just don't realize
What we've got here
You just don't realize
What we've got here

Verse II

I reach for you
Just as you're letting go
You slip away
Like words through the telephone...

Chorus

You just don't realize
What we've got here
You just don't realize
What we've got here

Bridge I

And I don't know why
I just can't walk away
Yeah we just might find our
Way back- it's not too late...

Verse III

We both know,
We'll never be the same
'Cause love hits hard
When we try to change

Chorus

You just don't realize
What we've got here
You just don't realize
What we've got here

Bridge II
And I don't know why
I just can't walk away
But the feelings we had
Won't let memories fade out

[Filler]

Bridge III
Just when I'd given up...
And my hearts had enough
You return with your love
One more time...

You just don't realize

[Solo II]

You just don't realize...
