"On My Mind"

Visit "[On My Mind](#)" on MotoLyrics.com

I've been thinking of our time together
Memories so fine,
I've been dreaming of a love for ever
Girl I'm back in time

Chorus
Your on my Mind
I've been searching these lonely streets
Searching out someone new to meet
I can't help not searching back for you
I've been dreaming of infatuation
Only found some hesitation
Hesitation for the longing still for you

Chorus
Your on my Mind

Ooooh Ooooh part

Chorus
Your on my Mind
