My head is in my arms
I know that your alarmed
I need to see your face
Cause it's all your fault
That my heart is broken in two
I knew this was not the right thing to do
But what was I supposed to do?
Even though I knew
Even though I knew

That it's all your fault!
I just don't know why it's happening to me!
Yeah, me
Why oh why did I believe you could be faithful to me!
I should not have done what can never be done!
Should have done what is right for once in my life!

I can't even find a place to start,
How do I choose between my head and heart
I don't even know what to do!
What should even be my next move?
What do you think I should do
Because it's all up to you!

What can you do when it's all your fault?
I just don't know why it's happening to me!
Yeah, me
Why oh why did I believe you could be faithful to me!
I should not have done what can never be done!
Should have done what is right for once in my life!

Yeah it's all your fault
Yeah yours
Why did you do this?
Is it so I can't sleep at night?
Why oh why is it happening to me?
I don't understand at all!
What is wrong with me

I just don't know why it's happening to me!
Yeah, me

Why oh why did I believe you could be faithful to me!
I should not have done what can never be done!
Should have done what is right for once in my life!

My head is in my arms (yeah)
I know that you're alarmed
Yeah
