This time you've really gone to far
So sick of hearin' stories
About the new girl hanging round
you're supposed to be with me
And when I heard the rumor
You kissed her at a party

Like a jealous fool I ratched you
You were still mine
That's just the way my life goes
Still love me even she knows
You say you're sorry but you're not

Et cetera, et cetera,
I've heard that oh so many times
But I still believe you really wanted her
I spend the day (I spend the day)
Deciding should I go or stay
Hoping that the pain will go away

Remember how astounding
It felt to be around me
Extravaganza in the heat
And then the rain came pouring
That's just the way my life goes
Still love me even she knows
You say you're sorry but you're not

Et cetera, et cetera,
I've heard that oh so many times
But I still believe you really wanted her
I spend the day(I spend the day)
Deciding should I go or stay
Hoping that the pain will go away

(instrumental)

That's just the way my life goes
still love me even she knows
you say you're sorry but you're not

Et cetera, et cetera
I've heard that oh so many times
But I still believe you really wanted her
I spend the day (I spend the day)
Deciding should I go or stay
Hoping that the pain will go away

Et cetera
