Tell me, did you mean it when you said goodbye?
I never expected that word from your heart
You promised me the moon
You promised me the star
Now you're saying goodbye
But I'll try to forget you
'Coz I've cried for many nights
Yes, I'll try not to want you
But I can't fool myself
'Coz I know that I will love you till the end
Till the end?
Tell me, I'm just dreaming that you're no longer here
For nights, I've been aching for your loving care
You promised me the moon
You promised me the stars
Now you've left me all alone
But I'll try to forget you
'Coz I've cried for days and nights
Yes, I'll try not to want you
But I can't fool myself
'Coz I know that I will love you till the end
But I can't fool myself
No, I can't fool myself
Whooh, I'll try to forget you
'Coz I've cried for days and nights
Yes, I'll try not to want you
But I can't fool myself
'Coz I know that I will love you till the end
Till the end???.
