Proud to say that I, I left my shames  
Swimming in the rain, I'm on my way

Reaching deep down inside  
I'm searching for a better time  
Tune your mind and open wide  
I'm coming

Say what you like to me  
I'll surrender  
But don't you lie to me  
You pretender

Be the walls of my, of my maze  
Lost in you I, I choose to stay

Reaching deep down inside  
I'm searching for a better time  
Tune your mind and open wide  
I'm coming

Run, run with me  
Help me declarate tonight  
Come, come with me  
Before I put out my lights  
Run, run with me  
Help me declarate tonight  
Come, come with me  
Before I put up a fight

(x2)  
Say what you like to me  
I'll surrender  
But don't you lie to me  
You pretender
