Got tired of wastin' gas livin' above the planets  
Mister, show me the way to Earth  
The boys in Quadrant 44, with their vicious metal  
hounds  
Never come around here no more

Sometimes I wonder if I'm still alive  
I'm six-feet down at age 25  
Maxwell led the demon rock hand jive

I came down like water, for the age of solar love  
And hail to the father, kiss your sons and your  
daughters  
Goodbye, goodbye... steam scared and roller,  
Ladytron controller  
Ten feet tall, better walk it back down

Despite the great duress, always get off, 'cause damn  
it  
It's the only surefire way to win  
Your poison doesn't hurt me, no, tender wine disguised  
in a milk bath  
Bad T.V. show

I'm here to celebrate the one below  
Last that I heard from good God above  
Was the slap on my ass by a lipstick-kissed elbow glove
