Got tired of wastin' gas livin' above the planets
Mister, show me the way to earth
The boys in Quadrant 44
With their vicious metal hounds never come around
here no more

Sometimes I wonder if I'm still alive
I'm six-feet down at age twenty-five
Maxwell Leather Demon rock hand jive

I came down like water
For the age of solar love
And hail to the father
Kiss your sons and daughters, goodbye, goodbye

Steam steady roller
Lady tongue controller
Ten feet tall
Better walk it back down

Despite the great duress, always get off 'cause damn it
It's the only surefire way to win
Your poison doesn't hurt me, no
Tender wine disguised in a milk-fat fair kiddie show

I'm here to celebrate the one below
Last that I heard from good God above
As the slap on my ass by a lipstick-kissed elbow glove

I came down like water
For the age of solar love
And hail to the father
Kiss your sons and daughters, goodbye, goodbye

Steam steady roller
Lady tongue controller
Ten feet tall
Better walk it back down

I came down like water
For the age of solar love
I came down like water

Kiss your sons and daughters

Ten feet tall

Better walk it back down
