Whispered words

Secret old

Whispering words

I gave you my answer

On the stepping ground

I gave you my answer

In the days of the dancing

Whispered words

Eagle stare not a care

Worlds apart out of tune

With souls laid bare

Then the music stops

I gave you my answer

On the stepping ground

I gave you my answer

In the days of the dancing

In the days of the dancing

Sheltered hearts

Beat in time

Never more certain

Shattered dreams

Flood of tears
The final curtain
Then the music starts
Here comes the night
Worlds apart
Step in time
With hearts on fire
Whispered words
Laughing eyes
So long my valentine
Dim the dance hall lights
I gave you my answer
On the stepping ground
I gave you my answer
In the days of the dancing
In the days of the dancing
