Love letters and songs we wrote yesterday afternoon  
Just an hour is too much, and five years is too soon  
I'm trying to keep up with you  
I'm building my hopes up for you  
I just need to face the truth, because you're  
Moving on, moving on

I'm too tired to learn to fly  
'Cause my wings are getting heavy and I don't know  
why  
Look straight forward in the midnight sky  
Think of me whenever you're above the city lights  
Both you and me know love's not easy  
So I'll just wait until the cold wind dies  
And I'll see you when the morning breaks into the night

The reasons why you have to go I cannot comprehend  
I'm hoping you'll remember me when I see you again  
I don't want you to be so far  
I'm not ready to leave, but you are  
It's my fault I believed my heart, because you're  
Moving on, moving on

I'm too tired to learn to fly  
'Cause my wings are getting heavy and I don't know  
why  
Look straight forward in the midnight sky  
Think of me whenever you're above the city lights  
Both you and me know love's not easy  
So I'll just wait until the cold wind dies  
And I'll see you when the morning breaks into the night

My wings are too small to carry me home  
My home is with you, so I'm left alone  
I'll have to take flight on my own  
Ready or not, there you go

I'm too tired to learn to fly  
'Cause my wings are getting heavy and I don't know  
why  
Look straight forward in the midnight sky

Think of me whenever you're above the city lights  
Both you and me know love's not easy  
So I'll just wait until the cold wind dies  
And I'll see you when the morning breaks into the night
