I can see you, darling  
You're wide awake waiting for your dreams  
The stars intensify whenever you can't sleep  
Can you hear me, darling  
I'm just like you, but with a wish inside  
And I can see the hope there is for you and me

(Bridge)  
Lonely in a foreign land  
Reach to me, take my hand  
Comfort me before I close my eyes  
Sweep me up, take me away  
Let it always be this way  
The unknown feeling that I can't deny

(Chorus)  
It's when the lights go out in flames  
It's when the sunset calls your name  
It's when the supernovas light the sky with blue  
It's when the music lifts you high  
It's like a rainbow in the sky  
It's a thing I can't describe when I'm with you  
Now my heart has opened  
And now the fact has traveled through my head;  
You don't know what you have until it goes away  
All your words are spoken  
Now you can witness what I have to say  
I want you in my life through every single day  
(Bridge)  
(Chorus)
