"Waves Of Snow"

Sugar coated mountains
Glisten in the winter air
Frozen solid fountains
Shaped with gentle care
We're together in the cold,
In a frigid winter storm
The only thing in this entire world
That can keep me warm
Is you

[Chorus]
My heart's on fire
And I like it that way
All I really want
Is for you to stay with me
Waves of snow surround us
We don't care
We sit hand in hand
You're all I need for warmth
In this winter land

I feel like I've decided
You hold the key to what's inside
This young and helpless girl
Lost in a cloudy state of mind
We're together in the cold,
In a frigid winter storm
The only thing in this entire world
That can keep me warm
Is you

[Chorus]

The oceans freeze
The sun goes out
I'm hopeless here
Without you
The glaciers grow
The rivers slow
You don't know what
You make this world do

[Chorus]
