Can you hear me?
I'm not making a sound
Now that you hear me
You'd know that I'm drowning

Everyone is coming over
Yet I'm feeling so left alone
Everyone is coming over
Yet I'm feeling so left alone

Indecision, I have so many regrets
Jubilation, but I'm not there yet.

Everyone is coming over
But I'm feeling so left alone
Everyone is coming over
But I'm feeling so left alone

Now we're waiting left feeling frustrated
We're gonna make it i know
Now we're waiting left feeling frustrated
We're gonna make it i know

Can you hear me?
I'm not making a sound
Now that you hear me
You'd know that I'm drowning

Everyone is coming over
But I'm feeling so left alone
Everyone is coming over
But I'm feeling so left alone

Now we're waiting left feeling frustrated
We're gonna make it i know
Now we're waiting left feeling frustrated
We're gonna make it i know

Now we're waiting left feeling frustrated
We're gonna make it i know
Now we're waiting left feeling frustrated

We're gonna make it i know
