[Hook]

We don't stop cause the game don't stop
We won't quit cause we won't give in
We won't think cause we love this game
Dropping fine beats we're here to make hits
We don't stop cause the game don't stop
We won't quit cause we won't give in
We won't think cause we love this game
Dropping fine beats we're here to make hits

[Verse 1]

The game don't stop so we won't stop
We won't quit, it is what I think
Got a problem, say it brother
It doesn't bother me
It's been a long time calling, confronting
Different... to the face... seen my life
I survive, now I'm living my dream
You should be upping for me
Don't disrespect, when you see me
From the start, grinding bread hard
Making major impact, I'm obsessed
Till my flow lurk underneath the growl of the show
I would never sell my soul for dough
Now I know, creativity requires the courage to let go
I don't know, nothing... trouble, when I handle the mike
50 bars when I walk through the door
Know up to the... when I come through
It's all good, I'm turning back, keep making fine tracks

[Hook]

We don't stop cause the game don't stop
We won't quit cause we won't give in
We won't think cause we love this game
Dropping fine beats we're here to make hits
We don't stop cause the game don't stop
We won't quit cause we won't give in
We won't think cause we love this game
Dropping fine beats we're here to make hits

[Verse 2]

No retreat, call me tied to the game forever
With no regrets, play a hit that's upset
Boy you the cool in the wood
Don't play them can't change them
Just don't give a fuck about them
There you have it, so just slide
It's full of jealousy, no stopping me
Bound to do this, destined for big things
Know you feel me, you can't describe it
Just too much, you can't deny it
Don't play fair when I release more rhyme in the
atmosphere
Not here to say what you wanna hear
Know by now, I don't give a fuck about what you think
It's glad to see, life is a dream for the wise
A game for the fools, calamity for the rich

[Hook]

We don't stop cause the game don't stop
We won't quit cause we won't give in
We won't think cause we love this game
Dropping fine beats we're here to make hits
We don't stop cause the game don't stop
We won't quit cause we won't give in
We won't think cause we love this game
Dropping fine beats we're here to make hits

[Verse 3]

It's like I trap in this game, can't change
This who I am, what I do
Rap to the beats
Selling cd's from the studio, making videos
Now on your stereo, a non stop flow
Let it rock your boat, everything comes and go
No one knows tomorrow, enjoy the moment
Play ahead is making jealous, call me
... but no luck, fuck that war
I'm still here keeping it real
Still doing my thang, still pulling the strings
It's just the beginning, the testimony without a test
Up to meet the blast, the mike, on a quest
No turning back now, never put the mike down
Time is money, I got time to waste
Got moves to make, make many mistakes
Do what it takes

[Hook]

We don't stop cause the game don't stop
We won't quit cause we won't give in
We won't think cause we love this game
Dropping fine beats we're here to make hits

We don't stop cause the game don't stop
We won't quit cause we won't give in
We won't think cause we love this game
Dropping fine beats we're here to make hits.
