I am hanging in a bar again  
bartender's looking like a hurricane  
he says it's time to pay my bill  
I say "I think i'm feeling ill"  
and after a while he gives me a smile

throw up in a little plastic cup  
girlfrind's relecticly cleaning up  
she is looking like a thundercloud  
i say "you gotta be my bride"

and after a while  
she gives me a smile  
she takes me to the door  
she say get out of here boy

sitting in a taxi going by bus  
walking down the street  
with my eyes on my feet x2

My head is spinning around, around  
I cant talk or walk straight on the ground  
Fall asleep on somebodies sofa  
I just lost my left loafer

and after a while  
she gives a me smile  
she takes me to the door  
she say get out of here boy

sitting in a taxi going by bus  
walking down the street  
with my eyes on my feet x2

wake up with a wish to die  
unknown girls sleeps by my side  
she has forgot to take a pill  
i say send me the bill

and after a while  
she gives me a smile

she takes me to the door  
she say get out of here boy

sitting in a taxi going by bus  
walking down the street  
with my eyes on my feet
