I cannot touch
But I want her oh so much
My best friends girl
She's there for real
And the only thing I feel
Is burning love
She smiles at me
And I'm sure that they can see
What's going on
Don't stand so close sometimes
Sometimes I am sure she knows
What's deep inside

So I stand broken hearted and I
Don't know how this got started but I
Can't walk this road forever
My best friends girl
She's my best friends girl

And I feel
Burning love
Burning love for you
Burning love is what I feel
Burning love
Burning love for you
Burning love and it's for real

This can't be right
But when I'm lonely in the night
I think of her
I see her face
And I'm looking for a trace
What she might feel for me

So I stand broken hearted and I
Don't know how this got started but I
Can't walk this road forever
My best friends girl
She's my best friends girl

And I feel

Burning love
Burning love for you
Burning love is what I feel
Burning love
Burning love for you
Burning love and it's for real
(2x)

Won't you show me
The way to get out of this trap
Won't you show me
A way to get my feelings back
How am I to survive
When all I see is you

That's right...
