Ski's Country Trash
"Generation Download"

Visit "Generation Download" on MotoLyrics.com

Millions of pages
A million of stages
And they're waiting just for you
Show yourself naked
Better you fake it
Tell the world a 1000 lies
Post and describe it
You better subscribe it
Now you're telling all the world

Telling all the world
(2x)

Hey I want it now
And I want it all
All this shit for free
Hey I want it now
Things that I don't need
Give them to me now
Come eat that shit!
We're generation download

Find your next lover
Just click and discover
Another psycho just like you
Down to your fiber
Your whole life is cyber
And now your're spamming all the world
Lost in the wide net
Forget your life
And lose your personality

Personality
(2x)

Hey I want it now
And I want it all
All this shit for free
Hey I want it now
Things that I don't need
Give them to me now

Come eat that shit!
We're generation download

Now your telling all the world
Turn yourself inside out

Hey I want it now
And I want it all
All this shit for free
Hey I want it now
Things that I don't need
Give them to me now
Come eat that shit!
(2x)
We're generation download
