You're so rare  
A unique boy  
So sad yet full of joy  
So limitless  
Caress  
Caressing me

You could take me home with you  
Or i could take you home with me  
Let me, let me  
Love you too  
It's like a miracle  
A loving cure-for-all  
I feel the dust around my hollow heart  
Just slip away

You're so rare  
For you i've sworn  
A rose without a thorn  
Pure tenderness  
Possess  
Possessing me

I only ever cried for you  
When will you try to sigh for me  
Let me, let me  
Love you too  
My tears flow long and cool  
A fool beside a pool  
I feel beside a pool  
I feel the hurt inside my hollow heart  
Just wash away
