Turn out the light. Lock the door  
We can make a little love, then make a little more  
And tonight, baby I'm yours  
We can make a little love, then make a little more

Little miss, can I steal the kiss  
And put it in a bottle with a lemon twist  
Pop the cap, and sip it slow  
It goes a little something like this

I wanna see your glow  
Don't wanna leave tomorrow  
You blew in like the wind in Chicago  
Sippin' on silver shots of Milagro  
Guess what Los Angeles dove  
Thinkin' 'bout your body got the kid all messed up  
'Fessed up to the crime of this love  
I just wouldn't feel right if I left ya  
I wish I knew how to say, I really want you to stay

Turn out the light, lock the door  
We can make a little love, then make a little more  
And tonight, baby I'm yours  
We can make a little love, let's make a little love

Yeah, uh  
Click, click take a picture of it  
You and I like a mixture of it  
Sex and love, put it in a cup  
And when I drink, I drink to get drunk  
Lights out, who'd I think I was?  
Peach fuzz, I'm a sucker like a leech 'cause  
Beg you the keys like Alicia  
You my modern day Mona Lisa  
I wanna hug ya, I wanna squeeze ya  
Keep you up all night like the beasta  
And when I leave ya, I wanna need ya  
I wanna feel ya in my bones like fever  
One hundred and three degrees of heat  
Got my heart skippin' beats when I see ya  
Walkin' down the street, walkin' down the street

Turn out the light, lock the door  
We can make a little love, then make a little more  
And tonight, baby I'm yours  
We can make a little love, then make a little more

Make a little love (repeat 7 more times)

Let's make love when it's pourin' outside  
Let's make love when it's war outside  
Let's make love just because  
The people of the world don't make enough of it  
And when this song is on bump it  
Leap for love like you long jumpin'  
Keep it up 'cause we all strugglin'  
All you need is

Turn out the light, lock the door  
We can make a little love, then make a little more  
And tonight, baby I'm yours  
We can make a little love

Turn out the light, lock the door  
We can make a little love, then make a little more  
And tonight, baby I'm yours  
We can make a little love, then make a little more
