Break Through, Check it out.
Break Through, Check it out.

I need a rich girl, so I can sip Champagne, spill it on her
dress and she don't complain.
She wear it once, and throw it away.

Hey rich girl!
You know what they say
Money can't buy you love, okay
But it can still buy you lots of cocaine.
A little something to numb the pain.
Cause we know your daddy don't love you anyway.

Hey rich girl!
Let me see you smile,
She said I forgot how, haven't done it in a while.
Stranded on fantasy island.
I handed her my number, and I told her to dial it.

I need a rich girl.
That's all I need.
I need a rich girl.
That's all I need.
I need a rich girl.
That's all I need.
I need a rich girl.
That's all I need.
I need a rich girl.
That's all I need.
I need a rich girl.
That's all I'll ever need.

Rich girl.

Beverly Hills yeah I know where you live girl.
Scene girl, where the hell you been girl?
Wanna be Lohan, try'na be a Mean Girl.

Mean while, you are diamond girl now,

Turn down the music and it turns out

You're the one that the songs about.
