Let's go out for a drink and forget  
All the things that we said that we know we'll regret  
I said  
Let's go out for a drink and forget  
All the things that we did when we were wasted

Baby, let's forget the bad times  
Talk about the good times  
Wonder where they went..  
(Wonder where they went)

Last night, we got into a fight  
I said some things I wouldn't say to you in daylight  
Woke up and you were gone  
Left the radio playing our favorite song  
On repeat (On repeat)  
Plus you took one of each of my sneaks (Of my sneaks)  
Left a note that said "We can't be" (We can't be)  
Cause I caught you this and I caught you that

6 missed calls (Call me back)  
But you called your dad  
Told him he was right about all of that  
Said I'm no good (No good)  
Going nowhere fast (Fast)  
Mad cause I spent my days smokin' hash (Smokin'  
hash)  
Writin' raps over kicks and claps (Kicks and claps)  
Someday, we can all kick back (All kick back)  
But now I'm waiting for the phone to ring (Phone to  
ring)  
So we can go out and have a drink (Go out and have a  
drink)

Let's go out for a drink and forget  
All the things that we said that we know we'll regret  
I said  
Let's go out for a drink and forget  
All the things that we did when we were wasted  
(We were wasted)  
(Go out and have a drink)

Baby, let's forget the bad times  
Talk about the good times  
Wonder where they went..  
(I wonder where they went)

Baby, we can play the back night  
Talk about the good times (Good times)  
Wonder where they went..  
(Yo)  
(Wonder where they went)

Let's take a second to recollect  
A time when the sex was as good as it gets (As good as  
it gets)

A time when a song 'bout love was a hit  
Spend all summer falling in love again

Summer time trippin'  
And tongue twisting  
I said I'd blow up  
But you didn't want to listen (Didn't wanna listen)  
I gotta bounce  
I'm on a mission (On a mission)  
Tears in your eyes as we goodbye kissin' (Goodbye  
kissin')

Let's go out for a drink and forget  
All the things that we said that we know we'll regret  
(Go out and have a drink)  
I said  
Let's go out for a drink and forget  
All the things that we did when we were wasted  
(Go out and have a drink)

Go 'head, baby  
I said to my lady  
She shakes that thing 'cause she knows that's what  
makes me  
Happy  
And when I'm napping  
She goes into my jeans and steals my cash (Steals my  
cash)  
And yo, I used to be that dude with the elbow ash  
(Elbow ash)  
Take a hit from your stash  
But I came up fast (Came up fast)  
My treat, reminisce over a glass  
I'll meet you at the bar  
Let's say quarter past (Quarter past)

Let's go out for a drink and forget  
All the things that we said that we know we'll regret  
(A quarter past)  
I said  
Let's go out for a drink and forget  
All the things that we did when we were wasted  
(Go out and have a drink)

Let's go out for a drink and forget  
All the things that we said that we know we'll regret  
(Go out and have a drink)  
I said  
Let's go out for a drink and forget  
All the things that we did when we were wasted  
(Go out and have a drink)
