In nineteen forty seven
Admiral Byrd
And four thousand men
Went to Antarctica

A large fleet
With an great aircraft carrier
Destroyers, tankers
And submarines.

Their target was
Neuschwabenland base
Hitler's nest
Station two hundred eleven

Camouflaged as a mountain
The inner world was hidden
There lived in peace
Mens and aliens

Operation high jump
Ended sooner than expected
Operation high jump
The base remained intact
Operation high jump
They knew hell on earth
Operation high jump
Came back quickly home

They were prepared
Nuclear submarines,
Death rays,
Flying saucers, lasers

They were repelled
Planes dropped like flies
Fire raining in the skies
Heavy losses

Operation high jump
Ended sooner than expected

Operation high jump
The base remained intact
Operation high jump
They knew hell on earth
Operation high jump
Came back quickly home
