There Was a place
Where man, women and children
Lived in peace with nature
Worshiped mother nature gods
Rain forest gave all their needs
They Drank water from it's Rivers
And ate all food they could collect

Now, the trees keep falling down
Trees are cuted down
Trees are falling down

Than came the white men
Colonizer with fire weapons and greed
Killed the man,
Raped the women,
Enslaved their children
Cuttet down the trees
Poluted the rivers
(And) hunted like a predator

Amazon
Was heaven on Earth
Amazon
Mankind and nature was in peace
Amazon
Could we save yet...
Amazon
Is turning into a desert hell

They said the indians had no soul
As said their partners from crime the Pope.
They forced them to be bathized
So they could pacify them as sheep no risk of Rebellion
Now Companies profit with (forest) royalties
Will they never stop?

Amazon
Was heaven on Earth
Amazon
Mankind and nature was in peace

Amazon
Could we save yet...
Amazon
Is turning into a desert hell
