Nasa mission Wise
Spotted something that could be
Planet X or Nibiru
They shutted down the
IR telescope to avoid answers

There could reside
As legend states
The Anunnaki civilization

There they dwell
In a high tech world
With and atmosphere protected
Using gold

Some say they will
Some say they'll not
Return to our world
To take what they own
I hope they never come back
Anunnaki Return

They could land on Earth
And make a demand
For us to deliver all our gold

The economies will crumble
Hunger, diseases and riots
Ending lives
Hell on earth

They could wipe our way of life
Letting loose an EMP
Disrupting communications, internet,
Power force and radio.

Some say they will
Some say they'll not
Return to our world
To take what they own
I hope they never come back

Anunnaki Return
