I will tell you about
There's a place beyond imagination
That can terrorize you
It's a geo triangle
At sea next to bermuda
Were strange things seems to happen

US squadron nineteen,
Disapeard wierdly in the skyies
Misteriously without a trace
So were sent
A rescue aircraft
WhichÂ in turn disapeared too

Is it a gate for beyond... ?
Is it a portal to other worlds... ?
Is it a trap for an enemy?
Or a space anomaly?

Bermuda Triangle
Bermuda Triangle
Many disapeared there
Bermuda Triangle
Bermuda Triangle
It swallowed many lives
Bermuda Triangle
Bermuda Triangle
Is it just a dimensional gate
Bermuda Triangle
Bermuda Triangle
Or is it just another hoax?

There ships and planes
Disapeared without a trace
And some re-appeared empty

Compasses fail,
Weather changes in a blink
Could this be a act of nature?

Could there be an alien base,

Is it a gate
To another dimension?

Could there be atlanteans
Or is it greys
Trying to abduct?

Bermuda Triangle
Bermuda Triangle
Many disappeared there
Bermuda Triangle
Bermuda Triangle
It swallowed many lives
Bermuda Triangle
Bermuda Triangle
Is it just a dimensional gate
Bermuda Triangle
Bermuda Triangle
Or is it just another hoax?
