Sun -

All our dreams are dreams of fun
Handing out the watergun
Shoot me and i'll drink you
Into the shade i'll shrink you
Finally we're done and stare up into the sky
Flat on our backs we lie in quicksand
Slowly my hand flies up and away
With the yellow bird driven by

Wind -

I think i'll come to sin
With all this heaty windy skin
Around my neck
And what glory the sand in my pants
Reminds me of doreen

Sand -

We cannot fight getting tanned
All the limits banned
Into the nightflight time's right, no fight
There goes the sun into the the nightlife, yeah
Whang i sing while the others swing
Like a beam of light through a bottle
Suzie swings her phoney rings (repeat)

Time -

Bugs crawling up our spine
And the memory is mine
I'm a grain of sand in your hand
So hand me mine
Yeah that would be fine

Heat -

I kiss the blisters on your feet
A lizard's eye i greet
I'm afraid there's no aid till we get laid
Into the nightlife time's right no flight
Whang i sing while the others swing
Like a beam of light through a bottle
Suzie swings her phoney rings (repeat)

[: i think i'll come to sin

With all that heaty windy skin
Around my neck
And what glory the sand in my pants

Reminds me of doreen
Mocking photography
Shocking in the sand with me
Sand in my pants. sand in my pants. sand in my pants.
Whang i sing while the others swing
Like a beam of light through a bottle
Suzie swings her phoney rings :) 2x
