All that Ive got, said the dwarf to the tree
All of that gold I'd give
Give it to you gladly
If I could just be a little taller, tree
If I could roam the world
All that youve got, finally answered the tree
All of that gold now give
Into the river freely
Your children and wife, sacrifice them to the sky
Burn all your clothes in the cave of destiny....
Send in the dark clouds
Stop me from breathing
Stop me on the snakehillside
Where the grass is white
Send in the dark clouds
Poison me softly
Start my secret bloodstain nights
Combat zombie fights
What happened to me, thought the dwarf to the tree
Of rocks and of stone it feels
My body cannot move freely
A river of tears is pouring my sadness dear
Endlessly I will poison
Poison the roots of that tree
Send in the dark clouds
Stop me from breathing
Stop me on the snakehillside
Where the grass is white
Send in the dark clouds
Poison me softly
Start my secret bloodstain nights
Combat zombie fights
Oh no
I lost myself
Breathe
I can not leave
Loose all weight
So this is what they call the end
Somebody tell me that this is just something in my
Head
That I dream or that I imagine of the end

Oh this is not true
I never felt so blue before
