Nineteen forty seven,
Two spacecrafts crashed
In a big storm
At New Mexico.

Many bodies found
And one were alive.
To him, they named
EBE and Noah.

EBE means
Extraterrestrial
Biological
Entity.

Debries and ebes
Were taken to
Roswell's army air field
At New Mexico.

Five dead aliens and one alive.
Bodies were transported to wright field Ohio.
Kept in a form of deep freeze.
Alive EBE was taken to Los Alamos.

First he was not able to speak.
Later he was helped by military doctors.
EBE lived untill nineteen fifty two
And he gave to us valuable intel.

Chorus
Why they always hide the truth from us?
We deserve to know it all.
The universe is full of life many alien races
Are spread across the stars.
Why they always hide the truth from us?
We deserve to know it all.
Travel faster than light Einstein was wrong.
Time has come for disclosure.

EBE came from Zeta Reticuli.

He was not human and had a grey skin.
His blood wasn't read his brain entirely different.
And his black eyes had two eyelids.

(His) spaceship travelled forty light years.
In just nine months using wormholes.
A treaty was signed with the aliens
Leading to an exchange.
