There are Extraterrestrials that live among us.
And they blend and are not easy recognizable.
They can be tall, short, have dark or lighter skin
And can have blue or brown eyes.
They can speak with no accent, but they have
Penetrating deep bright eyes.
Adamski was the first to write about extraterrestrials
secretly living
Among the human population.

In a lobby of some L. A. Hotel in nineteen fifty two
Adamski meet two businessmen who seemed very
friendly.
They looked like businessmen, well proportioned, in his
early thirties.
Both were about six feet tall, one with brown hair and
the other black.
When they greeted, called him by the name and gave
the same sign.
Years ago he received in the famous desert center
meeting.
Their speeches were soft with no accent in perfect
english
But they was aliens From Mars and Saturn in a mission.

There was a human group that looked so much like us
That drove the NATO military crazy.
Generals were paranoid over the possibility that some
of them
Could be walking in they headquarters.
Ingo Swann claims that he was shopping in a
supermarket
When he noticed a very attractive, scantily clad female.
He discovered later by some CIA agent
That the woman was an extraterrestrial.

In nineteen forty seven, howard menger knew a real
state man.
They asked him for advice, and he had a woman with
him
Later they revelead themselves, and showed to him.

A place for they meetings later verified by many
witness.
Doctor Frank Strages meet in nineteen fifty nine a
venusian
Called
Valliant Thor He was a guest of the US government.
There was another alien, a beautiful female, called
Elyense.
That was told in detail to us from professor Hernandez.

Chorus
Aliens are among us.
Do you know?
Extra terrestrials
In human form.
Your Neighbour
Could be one.

Aliens are among us
Do you want to know?
Ets in human form.
It Could be sitting right
Next to you now.
Aliens in human form.
