This letter is out for you today  
Wrote all the sorrow out of myself  
Wrote all my sorrow far away  
It's been a pity far too long

I see you dance in angry ways  
You're screaming at the pearl in your shell  
Forget the embryo, yourself, it's been a pity far too long

Falling, I'm crawling inside  
Where is it you're going  
I'm getting stronger every day  
Learn to live my life alone these days  
And I am falling down

I raise my head and start to plead  
My fingers stretch and then I feel it rise inside of me

That feeling that I used to dream  
I'm a living loveturned laserbeam

Falling, I'm crawling inside  
Where is it you're going  
I'm getting stronger every day  
Learn to live my life alone these days

And I am Falling...

Hurting, I'm flirting inside  
Where is it you're going  
I'm getting stronger every day  
Learn to fuck myself alone these days  
And I am falling down  
And I am falling down  
And I am falling...
