I will talk about alien races  
That are benign to mankind  
Telosians from Earth help us to understand  
Our ancient history and restore human longevity  
Lyrans from lyra spread unique history  
On nordic human race on the galaxy  
Vegans from lyra assist us in diplomacy  
And conflict resolution

Pleiadians, help humanity  
Find freedom from oppressive structures  
Procyons promote resistance  
To et subversion  
They prevent ET mind control,  
And monitor the hostiles  
Tau Cetians control subversion,  
By other Ets

Chorus  
Many Extraterrestrials Are present  
Here Like the red cross  
Are present in some critical places  
They are here  
To help us  
In this very critical moment  
To find our place in Universe.  
But don't forget  
There are others  
Selfish with an  
Hidden agenda  
Others  
That don't care  
About us  
If they could  
They would  
Enslave us

Andromedans, expose the elite  
Manipulation  
Sirians, from Sirius A,  
Protect the environment

Alpha Centaurians promote Social justice  
And human freedom.  
Arcturians coordinate  
Other relationships with ets
