There Was a dark time
In the dawn of mankind
Faith and beliefs
Were used to control lives
They tortured and infliged
Pain to make them confess
Crimes that doesn't existed
Just to confiscate

The acused didn't know
Whom denounced
Justice were more blind
Blinder than today
The judges and prossecutors
Acted by mysterious ways
Guilty from the start
No one could save them

Inquisition
Crimes without punishment
Inquisition
The reign of skies was really
A reign of blood
Inquisition
Torture and pain were
Their blessed way
Inquisition
Why god let that happened

They used boiled water
Just to burn their skin
Screwd skulls and break bones
Streched bodies till tear apart
They burned innocents
Just because they were different
All this insanity
Just in the name of the mighty church

Inquisition
Crimes without punishment
Inquisition

The reign of skies was really
A reign of blood
Inquisition
Torture and pain were
Their blessed way
Inquisition
Why god let that happened
