"Rise"

You Tried To Get Me Down
You Tried To Make Me A Clown
With Your Lies And Arrogant Pose

But I fought and keep fighting
The chains of your lies I Broke
With faith and hard work I uncovered the truth

Chorus
You're going down!
And I'll rise
He came to stay
You're going down!
And I'll rise
He's over you

You're going down!
And I'll rise
With faith and hard work I'll uncover the truth
You're going down!
And I'll rise
Accept the truth...

There's no time for compassion
No one trust in your silly actions
Time has come wait and see...

Chorus
