In nineteen forty seven,  
July seventh, at night  
A shooting star was seen,  
It was crossing the skyies

It seemed was too low  
Scarying peaceful lives  
A sound was heard like a thunder  
And The floor shook and trembled.

In the next day, in the morning  
Airforce issued a note  
The news stamped right in front,  
Was captured aÂ flying saucer

Later, the story was turned  
The air force dissimulated,  
Denied at all costs,  
What was said before,

Roswell Â- was mith or real?  
Dream or reality?  
A coverup was done  
Roswell Â- a alien crash site

They Said it was a wheter baloon,  
And mounted a coverup.  
ManyÂ people testified,  
That there was, some kind a crash,

They said about dead bodies,  
But bodies not from humans.  
Short, big headed beings,  
With great eyes, and gray skin

They said one has survived  
An Alien being from unknown  
It was keep underground,  
At a place called Area fifty one...

Were this a coverup?

Secret weapons test site?  
Were nazi disks re-made?  
Or just was a silly nonsense.

Roswell Â– was mith or real?  
Dream or reality?  
A coverup was done  
Roswell Â– a alien crash site
