Its undeniable...that we should be together

Its unbelievable how I used to say that I found in her

The places you need to know, if you don't know just
how I feel,

Then let me show you now that I'm for real

If all things in time, time will reveal

Yeah...

One, you're like a dream come true

Two, jus wanna be with you

Three, girl it's plain to see that you're the only one for
me

Four, repeat steps one to three

Five, make you fall in love with me

If ever I believe our work is done, then I start Back at
One.(yeah)

So incredible, the way things work themselves out

And all emotional, once you know that its all about babe

And undesirable for us to be apart

Never would of made it very far

Cause you know that you got the keys to my heart

Cause...

One, you're like a dream come true

Two, jus wanna be with you

Three, girl it's plain to see that you're the only one for me

Four, repeat steps one to three

Five, make you fall in love with me

If ever I believe our work is done, then I start Back at One.

Say farewell to the dark night

I see the coming of the sun

I feel like a little child whose life has just begun

You came and reached into the light

Into this lonely heart of mine

You threw out the life line - just in the Nick of Tiimmmeeee...

One, you're like a dream come true

Two, jus wanna be with you

Three, girl it's plain to see that you're the only one for me

Four, repeat steps one to three

Five, make you fall in love with me

If ever I believe our work is done, then I start Back at One.
