To win your love....It's harder than I though  
To make you notice me, the way that I notice you  
I'm going to bide my time while I figure out what to do  
To make you mine; I would climb to the top of the world

And I hear you say that you love me every day  
But it's never in the way that I wish you would say those  
words  
My love is in your hands, can't you see my world is in  
your eyes  
If you could lift this weight of expectation off my back  
and realize

(That I am)  
Trying to find the right words, and the right melody  
To show you how I feel...Then Maybe you'll fall in love  
with me  
(If you)  
Drown in me and I'll drown in you  
Breathe in me and I will breathe in you  
I will turn the day into night for you  
Be my muse and I will write for you  
And I swear I'll find the right words if you do

(Can't you see I'm)  
Trying to find the right words, and the right melody  
To show you how I feel...Then Maybe you'll fall in love  
with me  
(If you)  
Drown in me and I'll drown in you  
Breathe in me and I will breathe in you  
I will turn the day into night for you  
Be my muse and I will write for you  
And I swear I'll find the right words if you do
