No one gets hurt
Pulls a gun up from her skirt and
He's waiting outside
67 Camaro getaway ride
It's crystal
It's clear
Out the door hit the gas and we're outta here
And she says
Let's go
In the car front side on the radio

I would not die for anyone but I would kill for you
Guns and guitars and stolen cars intoxicate it's true
It's kiss or kill and shoot to thrill when you do what you
do
I would not die for anyone but I would kill for you

She'll take two
And pass
Counting cash as he's checking out her ass and
He says those
Three words
She replies with her eyes and it's unheard
A knock at
The door
Who cares where why when what for
Hit the lights
Let's play
Lock and load cause we're coming in anyway

It's a living and I'm making a killing
Cops and robbers and I'm playing the villain
See my angel turning red
One last kiss bang bang we're dead

I would not die for anyone but I would kill for you
Guns and guitars and stolen cars intoxicate it's true
It's kiss or kill and shoot to thrill when you do what you
do
I would not die for anyone but I would kill for you
Kill for you
Kill for you

Kill for you
