Ohh!  
Ah ha!

[Verse 1:]

I grew up in the H town  
Living life on the blocks  
From then that's when i became unorthodox  
Used to tie knots in my socks  
Fill them with rocks  
And i'd, swing your jaw if you gave bad looks  
Now i havn't changed  
Still slightly deranged  
Still slightly outraged  
And i feel insane  
Like the, way i could take so much pain  
Like a feen life is real  
Do you know what i mean  
Ever since the days i was young  
I would bust up your clicks if you run up your tongue  
And, in my hood i see mans getting worked  
And that man would come back and say that man got  
murked, yeah!  
I can say that my lives been hard  
Since six i slepted in a two bedroom yard  
So i, keep listing my fool where i'm knowin'  
I know where i've been  
So i know where i'm going

[Chorus: (x2)]

You don't know where I've been  
You don't know what i've been through  
So how can you judge me  
You don't know bout the life that I got  
You don't know what it's like to live in my slot  
This worlds gone mad and it don't seem right  
Every night i pray to god please turn out the light  
That will be my one wish!  
(that will be my one wish!)

[Verse 2:]

I got the HSE blood in me

I run my east side  
I'm the girl gully man chick  
Born in E5  
And i've always believed in man  
Ever since i was young  
Cause the girls acting bitchy and the man takes long  
I learned how to move and stay wise on the streets  
Cause my older boys taught me how to rush and roll  
deep  
Watch my moves getting moved  
Watch my moods getting moods  
To survive out here  
You gotta do what you do  
Hustling on the corner shotting work  
Cause if your grinding gotta make it work  
Cause life is hard and life is real  
And man other days don't care when they kill  
Boys under sixteen  
Life taking no good  
Sit back and sigh  
What the fuck is going on  
This is wrong  
Tell the families of lost ones i'm sorry  
R.I.P to babies Jessica and Holly

[Chorus: (x2)]

You don't know where I've been  
You don't know what i've been through  
So how can you judge me  
You don't know bout the life that I got  
You don't know what it's like to live in my slot  
This worlds gone mad and it don't seem right  
Every night i pray to god please turn out the light  
That will be my one wish!  
(that will be my one wish!)

[Bridge:]

They don't know what i'm going through  
They don't know what i'm going through  
They don't know what i'm going through  
They don't know what it's like for me or you

[Verse 3:]

The hood holds loyalty  
The hood holds faith  
The hood holds struggle  
And the hood holds rage  
The hood holds haterz that wanna grudge me,  
But i don't really care if you wanna judge me  
So i don't care if you like me or hate me  
Cause lately a lot of heads wanna vibe crazy

But i ain't here to make new friends  
Shystie is just here to make a means to the ends  
So ima be the reason why you step up your pace in this  
race  
Ima take every chicks fan base  
Ima be the realest girl in the game  
Ima be the reason people forget your name  
Cause i'm bigin' on this  
Big vibing on this  
And i don't care who likes me and who's pissed  
Cause Shysties here and i'm rapping it for London  
I'm never gonna be a pop MC you must be dumb man

[Chorus: (x2)]

You don't know where I've been  
You don't know what i've been through  
So how can you judge me  
You don't know bout the life that I got  
You don't know what it's like to live in my slot  
This worlds gone mad and it don't seem right  
Every night i pray to god please turn out the light  
That will be my one wish!  
(that will be my one wish!)
