VERSE ONE

HOST

Hello welcome to the Nathan never show
Tonight we got many guess and exclusive videos
But first, we?d loved to get this woman between my
sheets
yeah you guessed it we got shystie in a hot seat

To be quiet honest I?m like sick to death with you
All these kids running around idolising you
from graffiti on trains too kids tattooing your name
What?s next for heavens sake a shystie video game

Just kidding you?re on the path to ultimate fame
Now can you explain how you got in involved this
game?

SHYSTIE

First of all you need to watch your mouth and mind how
you chat
Cause you?re getting excited and best you relaxed
Bro, you got me confused like some closet Homo
But further more well discuss that shit after the show

Any way I made my name on this scene as a teen
And these broad page, pages that you seen that?s just
me
Because my PR you no ruth down there and sainted
She?s blown me up now I ain?t nothing to play with

HOST

Shy as you said this scene like male dominated
I mean you no some women get frustrated
It?s hard to keep focus and self motivated
Results to women doing tings x rated
I?m mean you just got to keep control
I no a few stars that sold their soul
Even servicing there services on road
I mean shy I no you ain?t no hoe

SHYSTIE

Listen yeah those question I ignore em cos I've got decorum

So I leave it to the girls who like whoring while I'm touring

Further more that question rude do you perceive me as some sket

Do I look like a girl that's who sleeps around to build a rep?

CHORUS

Question after question being asked

I don't know how long my patience's gona last

I am who I am so let me be who I be

I just want to spit man I don't need this grief

Question after question being asked

I don't know how long my patient going last

I am who I am so let me be who I be

I just want to spit man I don't need this grief

VERSE TWO

HOST

I mean you got Will smith and jada Beck's and posh, j-low and Ben aflet, 50 and vivica fox

Lauren and her Rasta king eminem and Kim

It's a endless celebrity lists, I don't know were to begin

ooh year not to for get jay z and beyonce

And there's rumours going round that you have a fiance

SHYSTIE

Listen yeah your talking like you no me you don't know me

Me and you ain't no friend's blood you're to nosey

All your question after question man its all bullshit

And I ain't going to fuel your fire towards it cha

Who I sleep with in between my sheets I keep discreet

I don't need my business talk about on the street

HOST

look, I'm a strapping lad a masculine chap

I mean I play croquet but I can learn how to rap

Only last two minutes but believe I'm good in the sack

Sometimes I last a little longer but my woody clasped

I'm begging you please my marriage is like turned in

to rubbles

Baby me and you could be the next celebrity couples

SHYSTIE

I can't stand when these interviewers don't pay attention

And not to mention you look like you're on a pension

You look like that ronald MC Donald and MC hammer

And by your heavy breathing I can tell you got no Stamina

You came on stage with your bow legged walk

Grey hairs on your head and that slur in your talk

From the start of your show I didn't take you serious

I don't even like you point blank and period

CHROUS

(REPEATED)

HOST

Its time for the audience to participate in the fun

Throwing question at you like a cricket ball that's been swung

It could be negative criticism that slips off the tongue

If I were you I would not be bother by none of these bums

Ok you first ?me ? no the guy with the thong in his head

You air head chop, chop time is ticking ahead

Cos you play a part of putting figures in Shy?s pocket

HOST

That?s enough of this fraf forgive me shy for all of this
crap
It a commercial break soon, but I got one thing to add
I mean hmm, what?s your actual chances of making it
This could be tumbling career that lasts one minute

Can you progress through this race to the very finish?
I mean all your competition can you handle it?

SHYSTIE

Competition you?re joking mate that means I feel
threaten
And there not no artist in this game that?s got shy
sweating
Na, I take the piss I tell it how it is right now
And cos I?m real, you see your fans, I?m here to take
them right now
