We lose
Yet we want to spare the feelings of those we love
Don't cry
We've all lied
But there is always room for forgiveness my friend

So don't treat me bad just be glad I am strong
I know where I belong
And soon you will see we are blessed and complete
There's a place here for you with me

Shine
You're fine
See I will always have a smile for you my love
And still
We will
Be ok and along the way we'll learn a thing or two

So don't treat me bad just be glad I am strong
I know where I belong
And soon you will see we are blessed and complete
There's a place here for you with me

So don't treat me bad just be glad I am strong
I know where I belong
And soon you will see we are blessed and complete
There's a place here for you with me

Don't treat me bad just be glad I am strong
I know where I belong
So soon you will see we are blessed and complete
There's a place here for you with me

Don't treat me bad just be glad I am strong
I know where I belong
And soon you will see we are blessed and complete
There's a place here for you with me

So don't treat me bad just be glad I am strong
I know where I belong, where I belong
And soon you will see we are blessed and complete

There's a place here for you with me

So don't treat me bad just be glad I am strong
I know where I belong, where I belong
And soon you will see we are blessed and complete
There's a place here for you with me

Don't treat me bad just be glad I am strong
I know where I belong
And soon you will see we are blessed and complete
There's a place here for you with me
