(Verse 1)

So now they call us pioneers  
Remember fresh out the jungle  
Hittin the launch pad

Like the lion here  
Drain the truth ain't no lie and dare  
I'm a beast like Eli  
In my city I'm a giant there  
Kept writing and reciting like my time is near  
Moving at a fast pace I ain't had no time to spare  
The total package my kind is rare  
Had label showin me dotted lines like sign it here  
So my time is here no flow cold white  
Sitting outside in the winter on the iron chair  
Still streets so I always got the iron there  
And the goons too, I'm a goon too  
Half the crew from the womb to the tomb  
Be a star, that I was gloom too  
Watch how the boy shine,  
Red lights , rolled dots never stop how the boy grind

(Hook)

I tell you nothing moves faster than time  
It never stops or slows down all  
All my best friends and enemies  
I don't know them at all  
I tell you nothing moves faster than time  
It never stops or slows down all  
So I guess I should fall  
I ain't got nowhere to fall

(Verse 2)

This is the last rhyme I'm ever setting  
Sick of competing with the kids with skinny jeans and  
jaggings  
All of my life I tried to write and create a blessing  
But it seems God ain't responding to my endless  
texting  
It's ok though, I'm a warrior with my daddy spirit  
I spit with the intensity so my daddy will hear it

Splitting image and inheriting the hustle spirit  
Your coin's still collected they ain't quite cleared it  
The bank account is way watch and refused to get  
chunky  
As a result I don't waste my words put on my money  
I ain't got it, put all my focus into my project  
Heart and soul fucked up for gold like a prophet  
Take a penny leave a penny call it exposition  
Hollywood dreaming of my lil bitty composition  
I write with a passion of Christ I'm nice on my Gibson  
Trust to believe in myself when no one else did it

(Hook)

I tell you nothing moves faster than time  
It never stops or slows down all  
All my best friends and enemies  
I don't know them at all  
I tell you nothing moves faster than time  
It never stops or slows down all  
So I guess I should fall  
I ain't got nowhere to fall

(Verse 3)

It's been alot of year man it's been a long way  
I close my eyes and feel those days when the song  
plays  
Been up in the hallway, damn I went the wrong way  
I was on a mission not listening to what mom say  
Fuck it why would he, in the street I was steady wave  
You speak to me wrong, you would get beat till you  
bloody  
Now you speak as a bumping 'cause when my snikers  
are crudy  
Had this on killable dream maybe reaching somebody  
My features like my father but we're different creatures  
ugly  
And I'm eager to dark secrets of the creeps and the  
druggies  
My therapist says I'm reaching for people to love me  
But my spirits full of feelings so fuck my therapist  
And my heir is just coming to age  
I remember being my dream and then spit hungry  
young on the stage  
I vow these lyrics 'cause they have something I wanted  
to say  
I thank the Lord that I'm honoured this way

(Hook)

I tell you nothing moves faster than time  
It never stops or slows down all  
All my best friends and enemies

I don't know them at all  
I tell you nothing moves faster than time  
It never stops or slows down all  
So I guess I should fall  
I ain't got nowhere to fall
