Shame ain't no way to live
When you got what you need
Pace, ain't equipped to give
When you take what you see

I'm a goddamn optical illusion
Double crossin' pickin' on union
I'm a goddamn optical illusion
Double crossin' pickin' on union

Getcha' issue
You know you want to
Getcha' issue
Before it gets you
Getcha' issue
You know you want to
Getcha' issue
Before it gets you

Changin' my style,
Movin' backwards
Baby, I'm a natural
Don't know what I'm after
It keeps changin'
I keep it all together
Never sayin' never
Never sayin' never
It keeps

Pain, it's the price you give
When you break what you keep
Don't shake your fist at me
You prick, I'll watch you bleed

I'm a goddamn optical illusion
Double crossin' pickin' on union
I'm a goddamn optical illusion
Double crossin' pickin' on union

Getcha' issue
You know you want to

Getcha' issue
Before it gets you
Getcha' issue
You know you want to
Getcha' issue
Before it gets you

Changin' my style,
Movin' backwards
Baby, I'm a natural
Don't know what I'm after
It keeps changin'
I keep it all together
Never sayin' never
Never sayin' never

And now you can't look me on the mouth
I'm not your stirring sea
You know I may be broken down
But I'm still taking the lead

Getcha' issue
You know you want to
Getcha' issue
Before it gets you
Getcha' issue
You know you want to
Getcha' issue
Before it gets you

Change in my style,
Movin' backwards
Baby, I'm a natural
Don't know what I'm after
It keeps changin'
I keep it all together
Never sayin' never
Never sayin' never
It keeps changin'
It keeps changin'
