I said I, I'll never let you down
I said I, I'll try on this crown

Babe won't leave me
Till she said I'm gone
She's crazy
Said my ego big and grown

Heavy, heavy love
I'm gonna get you out
Not with a push, shove, shove
No, I couldn't get you out

Babe gonna teach me
Everything she knows
She fakin' when she
Moanin' out them "Oh's"

Heavy, heavy love
I'm gonna get you out
Not with a push, shove, shove
No, I couldn't get you out

Babe gonna teach me
Everything she knows
She fakin' when she
Moanin' out them "Oh's"

Heavy, heavy love
I'm gonna get you out
Not with a push, shove, shove
No, I couldn't get you out

I said no, couldn't get you out
No, no, no, no, couldn't get you out

I said I, I'll never let you down
I said I, I'll try on this crown
