I saw young man growing older
I saw beauty turn too stone
I saw friends who strike each other
I saw hate down to the bone

I saw young man growing older
I saw beauty never lost
I saw love grow big and strong, and
I saw friendship without cost

I saw hopeful turn too doubtful
I saw colors fade to grey
I saw arms reach out for help, and
I saw people fade away

I saw young man grow to heroes
I saw heroes of the part
I saw sparkles turn to fire
I saw life turn into whaaaat?

No, its not what you came for, no no no
It's all that you came for, no no no
It's not what you came for
It's what you get x2

I saw young man growing older
I saw fools upon the hill
I saw living without reason
I saw hands ready to kill

No it's not what you came for, no no no
Its all that you came for, no no no
Its not what you came for
Its what you get

And don't you put the blame on me for
Things I haven't done
You have to sort it out now

Dont you put the blame on my for
Thins I haven't done

You have to sort it out now

I said dont you put the blame on me
Because you're barking up the wrong tree, oo yea
You have to sort it out now

Oh no dont put the blame on me
You're barking up the wrong tree, oh yea
You have to sort it out now

I saw losers turn to winners
I saw silver turn to gold
I saw my face in the mirror
I saw young man growing old

No its not what you came for, no no no
It's all that you came for, no no no
It's not what you came for
It's what you get x3
