I think I love you baby
I hope it's not too late
You know you fill me up
You make me clean my plate
I think I need you baby
I hope you need me too
You got me feelin' funny
I guess that's what you do

You got that Sex Syrup
Hot and sticky baby
Come and overflow on my pancake, love
You got that Sex Syrup
Hot and sticky baby
Come and overflow on my pancake, love

When
You close your
Eyes
I'll grab
Your thighs
You realize
It's only love you feel
When
You're home a-
Lone
I'll call
Your phone
And tell you, girl
"Hey babe, I'm on my way"
Listen lady, I'm not crazy
You and I should have a baby

Name of this cream: buttermilk
No oatmeal, that's overkill
Wait a second, wait a minute
Give me Aunt Jemima syrup
Taste so sweet I can't resist
But your man can't do you like this

You got that Sex Syrup

Hot and sticky baby
Come and overflow on my pancake, love
You got that Sex Syrup
Hot and sticky baby
Come and overflow on my pancake, love

Hmmmm
Yung Humma's back
Me and my boy Slick gotta blast a track
Lookin' for some ladies
Come join the team
Gotta have juicy lips like Krispy Kreme
When I look at you baby, I think of breakfast:
Pancakes, scrambled eggs, hash browns, and cheese
grits
You got warm buns, let me hop in the middle
And I could have it taste somethin' like a Cheese
McGriddle
Yummmm
Now that's a meal for me
Can I have a cleavage cake?
Pass the syrup please
And we could have a sweet meal
What will it take
For us to get twisted up like a funnel cake?
I been waitin' all day, don't make me beg
All I wanna do is come and fertilize your eggs
Can't have OJ but I'll drink your rum, girl
My french toast stick will make you hummmm

You got that Sex Syrup
Hot and sticky baby
Come and overflow on my pancake, love
You got that Sex Syrup
Hot and sticky baby
Come and overflow on my pancake, love

Sex Syrup
Hot and sticky baby
Come and overflow on my pancake, love
You got that Sex Syrup
Hot and sticky baby
Come and overflow on my pancake, love
