*[CHORUS]*

Every thing I do i'm just keeping it gutter  
Making people shocked so they stutter coz I'm gutter  
Have you heard a female spit so gutter?  
Oh no coz I'm keeping it gutter x2

Were gutter and that just the the way 'that we keep it'  
Everything we do we just keep it so 'Gutter'  
My army's eclectic and that's how 'we keep it'  
Keep on, pumping strong, going on so 'Gutter' x2

*[VERSE ONE]*

Now I've worked long and hard to get here now can you  
understand  
And can you understand how i'm fully focused man  
I've learnt so much and matured so much  
And in these last past years been reassured so much

That I'd, come along and be the next best thing  
Even though my ride here's been rough and ting  
But I, kept at it and held my ground  
Coz can't no snakes cum and hold shy down

And snakes I read them all I keep my friends to a  
minimal  
Coz everybody in this game to me is a criminal  
It's a must I never put my trust inside another person  
Coz if they do me wrong then i'm cursing for certain

I'll end your lights like closed curtains  
So cum on now, keep it real, avoid getting hurt and  
I know you're thinking that I'm kind of rude  
But I don't care, it's my whole gutter attitude

*[CHORUS]*

*[Repeat]*

*[VERSE TWO]*

I'm a little older now a little wiser now

So the shit that I spit might surprise u now  
I don't take lightly to those who want to spit me  
So I say politely F- You if you don't like me

Because it's pretty likely

That you will or you won't, do or you don't  
Like the words you heard that I wrote  
But I don't give a dam coz my attitudes foul  
I'ma do what I do best that's what I do now  
And haters tried to say my 'I love you' was a sheg  
But the pressed loved it and said it was the hottest  
bootleg  
Yea, I can agree that it boosted my name  
But never get it twisted coz I had street fame

I'ma break UK rap like the lining of hymen  
And A&R's love the timing of my rhyming  
Now i'm in such a good position were i'm shining  
Until I get to the top i'm still keep it grinding

*[CHORUS]*

*[Repeat]*

I'm not here to raise alarms, I'm to raise pulses  
So take notice, how I do this, stay focus  
I spit and take the piss, I put your status at risk  
Cos I'm deadly to this game like a ivy poison kiss

I cause an action, to see your reaction  
And put the pressure on you till you throw fits and  
tantrums  
I got certain artist, shook inside of this place  
Got em scared like I got heat to there face

Cos I flow kinda gully, I flow kinda muddy  
I got through PMS, Prepare, Master and Study  
These other emcees just to better myself  
Cos it betters my sales, then it betters my wealth

I love the fame and now my name is like a bloodstain  
I'm hard to disappear, because I've started to reign  
Yeah, soon my name is gona be well known  
I'm the underground princess, I'm coming for my  
throne

*[CHORUS]*

*[Repeated]*
