[Intro]

Boy sit down, stand up girls
Ladies we can run this world
Come on take a stand,
we got the whole wide world in our hands

[VERSE ONE]

Now imagine if this whole globe was run by jus women
Jeeze cor blimme what a world we would live in
Getting men all hung upon our love until they be
sprung
Imagine men on page three posing nude in the sun

AND--- Imagine ladies pimping these guys
Getting them to sell there bodies on the streets at night
Think, we can choose a man then we treat them bad
Get what we want and need then we ditch them Lads---

Call them to attend to our needs
Get a web cam set up so my friends can see
Then make him pole dance on my bed post then
expose him
And put his pictures on the net so everybody knows him

Imagine them with stush attitudes
or the had a shy mood so we make the first move
But we use them for ah one night flex
Sayin don't get attached baby boy its just sex

[CHORUS]

Imagine the first prints on the moon was ah five
And all the world leaders had a trimmed bikini lines
Open your eyes visualise
Picture ah world run by ah female like shy

A female like WHO, a female like You and a female like
I
A female like WHO, a female like You and a female like
shy

Boys sit down, stand up girls, ladies we can run this

world

Come on take a stand, we got the whole wide world in
our hands [x2]

[VERSE TWO]

Now what if let these men live in kennels like dogs
And we only let them out to do the difficult jobs
Its deep, walk them on the streets and leads are on
their necks
And I show him to my friends saying he's my new pet

AND--- think if we went Amsterdam
And the red light district was only full of man
Posing nude looking rude in the shop windows
This world feels like heaven Amen the lord know

Jesus come on guys please us
You're the birds and were the geezers
Imagine if guys took pride all the time
Before they had sex waxed there scrotum line

And girls walk around with moustache's and shit
Unshaven legs, unshaved pits
ERGH-- Yeah we crossed the line
but men do this shit all the time

[CHORUS]

[Repeated]

[VERSE THREE]

Now I'm a males worst nightmare say your prayers
Cos ah bitch with powers gives mans fears
So I'm here to make it known
Ladies we can run this globe

Say were the mayors and government
F-B-I- and the presidents
Hey we could run the whole of the C-I-A
Take over the streets like were G-I Jane

Imagine us on street patrol,
Woman having full control
No more labours, males give birth
And time of the month don't affect us---

So ladies stand up firm, (Firm)
Come on its our turn. (Turn)
To flip reverse this universe
Together woman we can run this earth

[CHORUS]

[Repeat]
