Yeah

Hoel up hey not the beats in me
Is no long sleeping wants to eat Mc's
So I let em free let em...
Not a beast must drop Bc's
But I never let it free ball I catch this...
I cape shit... this streets and...
I take of this images
Can't call me... my Puerto Rico is...
The kings is wait on sick and simpleness

So sisters and brothers start... digging me
Matter of fact grab an icon...
So the icon blue and sister to know...
Rapping is number one plus told me three
My days sunny... the honey bees
... money I'm kind running for nothing beat
Now I'm... mother f*ckers ain't touching me
