[Verse 1:]

Baby, baby, yes I love you baby
With all my heart and soul
Forever I'm yours
This love I have for you, baby it's real
Shows how much I love you, this is how I feel
Right now, and forever more
This love I have for you baby, just grows and grows

[Chorus:]

Oh I'm confessin' a feeling
(I love ya, baby, I love ya)
Baby, baby I'm confessin' it to you

(I love ya, baby, I love ya)

[Verse 2:]

Oh love, believe me when I say that I love you
Have faith in me, and no one will take your place
This love I have for you, baby it's real
Shows how much I love you, this is how I feel
Right now, and forever more
This love I have for you baby, just grows and grows

[Chorus]
